

SNYAB Cherry Blossom Mobile

Here is your kit to make your very own SNYAB Cherry Blossom mobile! The flowers are filled with positive messages, and there is room to put your own thoughts too.

Cut out all the shapes, add colour and details if you want to. Write your own wellbeing messages, and read the messages from our Young Commissioners too.

If you are printing this at home, use card if possible. If not, add a lolly stick to the back of the branch to strengthen the paper.

Use a hole punch or carefully push a pencil through to make the holes, and then use string or ribbon to tie everything together, or glue / tape flowers on the branch, as shown in the pictures. You can hang your mobile anywhere.

You could use a real branch too!

Send us a photo of your finished creation, or post a picture on our social media.

South Norfolk YAB
